Research on the Partially Sighted

Carson Y. Nolan and June E. Morris

Adkins, S. D. W. Effects of visual deficit on acquisition of classification concepts. Doctoral dissertation, Purdue University, 1965.

American Foundation for the Blind. Register of children with impaired vision and hearing. Statistical reports, 1966-67. New York: Author, 1966-67.

Ashcroft, S. C., Halliday, C., & Barraga, N. Study II: Effects of experimental teaching on the visual behavior of children educated as though they had no vision. Nashville, Tenn.: George Peabody College for Teachers, 1965. (Office of Education Grant No. 32-52-0120-1034)

Barraga, N. C. Effects of experimental teaching on the visual behavior of children educated as though they had no vision. Doctoral dissertation, George Peabody College for Teachers, 1963.

Barraga, N. C. Mode of reading for low-vision students. International Journal for the Education of the Blind, 1963, 12, 103-107.

Barraga, N. C. Increased visual behavior in low vision children. American Foundation for the Blind, Research Series, 1964, No. 13.

Barraga, N. C. Teaching children with low vision. New Outlook for the Blind, 1964, 58, 323-326.

Bateman, B. D. Reading and psycholinguistic processes of partially sighted children. Doctoral dissertation, University of Illinois, 1962. [Also in Council for Exceptional Children Research Monographs, 1963, Series A, No. 5.] [Also in American Foundation for the Blind, Research Bulletin, 1965, No. 8, 29-44.]

Bateman, B. D. Some educational characteristics of partially seeing children. In Council for Exceptional Children, Inspection and introspection of special education. Washington, D. C.: Council for Exceptional Children, 1964. Pp. 74-82.

Bateman, B. D., & Wetherell, J. L. Some educational characteristics of partially seeing children. International Journal for the Education of the Blind, 1967, 17, 33-40.

Bauman, M. K., & Yoder, N. M. Placing the blind and visually handicapped in professional occupations. Harrisburg, Pa.: Pennsylvania Office for the Blind, 1962.

Beery, K. E. Behavioral correlates of visual deficiencies in sixth grade children. Doctoral dissertation, Purdue University, 1963.

Birch, J. W., Tisdall, W. J., Peabody, R., & Sterrett, R. School achievement and effect of type size on reading in visually handicapped children. Pittsburgh, Pa.: University of Pittsburgh, 1966. (Cooperative Research Project No. 1766, Contract No. 4-10-028)

Bischoff, R. W. Improvement of listening comprehension in partially sighted students. Doctoral dissertation, University of Oregon, 1967.

Christner, F. A partially seeing child learns to read. Sight-Saving Review, 1954, 24, 30-36.

DeMott, R. M. Verbalism and affective meaning for blind, partially seeing and normally sighted school aged children. Doctoral dissertation, Michigan State University, 1969.

Dunlap, B. L. A study of typewriting instruction for blind and partially-sighted children enrolled in public school classes in California. Master's thesis, San Francisco State College, 1955-1956.

Eakin, W. M., Pratt, R. J. A., & McFarland, T. L. Type size research for the partially seeing child. Pittsburgh, Pa.: Stanwix House, 1961.

Fortner, E. N. Investigation of large type books. In American Association of Workers for the Blind, Proceedings of the Twentieth Biennial Convention of the . . . . Columbus, Ohio: Author, 1943. Pp. 78-81.

Gartner, J. N. Large type reading materials for the visually handicapped. New Outlook for the Blind, 1968, 62, 233-239.

Genensky, S. M., Baran, P., Moshin, H. L., & Steingold, H. A closed circuit TV system for the visually handicapped. Santa Monica, Calif.: The Rand Corp., 1968. (Memorandum RM-5672-RC)

Greenberg, G. L. Map design for partially seeing students; an investigation of white versus black line symbology. Doctoral dissertation, University of Washington, 1968.

Grover, E. C., Bowers, H. J., & Bonham, S. J., Jr. Ohio programs for visually handicapped children: A report on the 1964-65 Columbus, Ohio study of partially seeing. Columbus, Ohio: Ohio Department of Education, 1965.

Halliday, C. Findings and implications of experimental teaching in visual stimulation. In American Association of Instructors of the Blind, 48th biennial conference. Washington, D. C.: American Association of Instructors of the Blind, 1966. Pp. 28-34.

Industrial Home for the Blind. IHB optical aids service survey (first 500 cases--March, 1953 to December 1955). New York: Author, 1957.

Jones, J. W. Blind children degree of vision mode or reading. Washington, D. C.: USGPO, 1961. (OE-35026)

Kerby, C. E. A report on visual handicaps of partially seeing children. Exceptional Children, 1952, 18, 137-142. [Also in National Society for the Prevention of Blindness, 1952, No. 148.]

Kinn, W. T. Self reports of physically handicapped and non-handicapped children. Doctoral dissertation, University of Maryland, 1962.

Kirk, E. C. Changes and trends in the characteristics of children in classes for the visually handicapped, Detroit Public Schools, 1948-1963. Doctoral dissertation, Wayne State University, 1965.

Lipton, E. L. The cross eyed bear-the cross I bear: Selections from a study of the psychological effects of strabismus. American Journal of Orthopsychiatry, 1967, 37, 281-282.

Livingston, J. S. Evaluation of enlarged test form used with the partially seeing. Sight-Saving Review, 1958, 28, 37-39. [Based on Doctoral dissertation, New York University, 1957.]

Lown, F. A. Education of blind and partially seeing children in Atlanta: A study and recommendations. Doctoral dissertation, Columbia University, 1962.

Mueller, M. W. Effects of illustration size on test performance of visually limited children. Exceptional Children, 1962, 29, 124-128.

Nolan, C. Y. Readability of large types: A study of type size and type styles. International Journal for the Education of the Blind, 1959, 9, 41-44.

Nolan, C. Y. A study of pictures for large type textbooks. International Journal for the Education of the Blind, 1960, 9, 67-70.

Nolan, C. Y. Legibility of ink and color combinations for readers of large type. International Journal for the Education of the Blind, 1961, 10, 82-84.

Nolan, C. Y. Teacher preference for types of illustrations in large type books. International Journal for the Education of the Blind, 1961, 10, 112-114.

Nolan, C. Y. Blind children; degree of vision, mode of reading: A 1963 replication. In Council for Exceptional Children, Inspection and introspection of special education. Washington, D. C.: Council for Exceptional Children, 1964. Pp. 86-94. [Also in New Outlook for the Blind, 1965, 59, 233-238.]

Nolan, C. Y. Reading and listening in learning by the blind: Progress report. Louisville, Ky.: American Printing House for the Blind, 1966. (U. S. Public Health Service Grant No. NB-04870-04)

Nolan, C. Y. A 1966 reappraisal of the relationship between visual acuity and mode of reading for blind children. New Outlook for the Blind, 1967, 61, 255-261.

Peabody, R. L. The adjustment of partially seeing children and its relationship to visual acuity. Doctoral dissertation, Wayne State University, 1967.

Peck, O. S. Reading ability of sight-saving class pupils in Cleveland, Ohio. Sight-Saving Review, 1933, 3, 115-126.
